### Reportable Scores Authorization

I authorize Kingsley-Pierson CSD to include ACT/SAT scores on my child's transcript. I understand this is not an official reporting of the score and does not reflect if the student did or did not have accommodations. It is the responsibility of the student to provide an official score report to institution(s).

If my child or I wish to have reportable scores excluded from their transcript in the future, we understand that a written request must be provided to Kingsley-Pierson CSD.
